One labyrinth. Three ways into the reading.

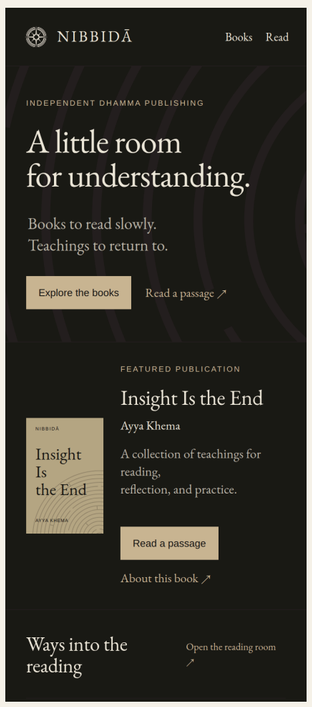

The supplied 06A emblem and sixteen-band labyrinth, with three layouts and two background scales each. The maze is a single oversized field, never a repeated tile. Desktop previews use the same 1,120 × 900 viewport; phones use 390 × 900.

A / RECOMMENDED

The expanded labyrinth

bg #1b1917 · maze #24211e · ink #eee7da · secondary #bbb4a8 · accent #cab795

PHONE / SAME MAZE SCALE

An open, asymmetric introduction. The labyrinth remains expansive; the book and reading actions are easy to find.

Only the crop changes. Text and controls reflow. The full labyrinth does not shrink into a small symbol.

Open local preview ↗

TWO SCALES / SAME 1,120 × 650 CROP WINDOW

2,350 px field diameter

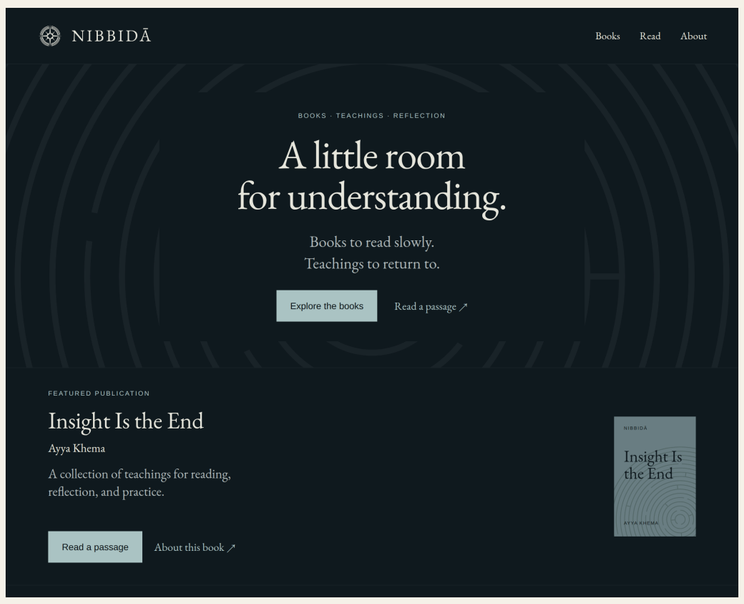

3,000 px field diameter

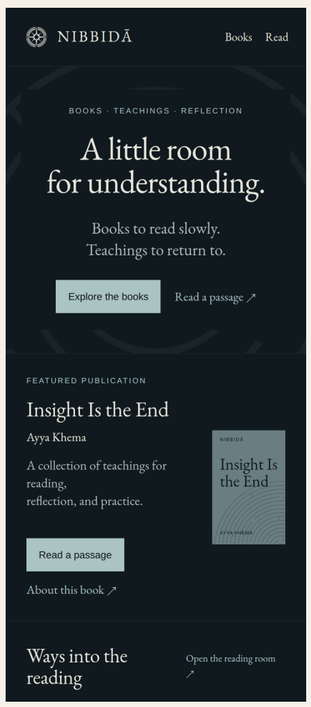

Choose 2,350 px. More turns and interruptions remain visible. The larger scale is calmer but less distinctly a maze.

B / MORE CEREMONIAL

The quiet center

bg #131b20 · maze #1b242a · ink #e9e9df · secondary #afb9bd · accent #adc4c4

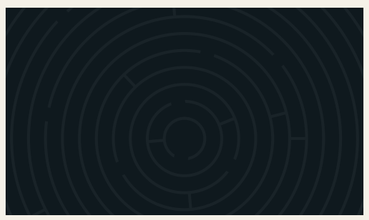

PHONE / SAME MAZE SCALE

The centered introduction creates a formal pause. Its surrounding circular structure can feel like a halo or target.

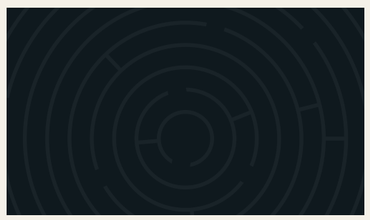

Only the crop changes. Text and controls reflow. The full labyrinth does not shrink into a small symbol.

Open local preview ↗

TWO SCALES / SAME 1,120 × 650 CROP WINDOW

1,900 px field diameter

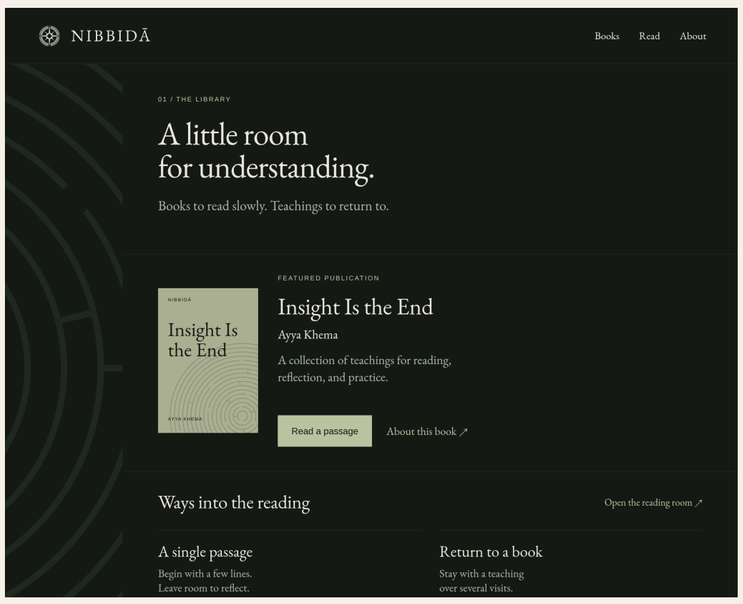

2,500 px field diameter

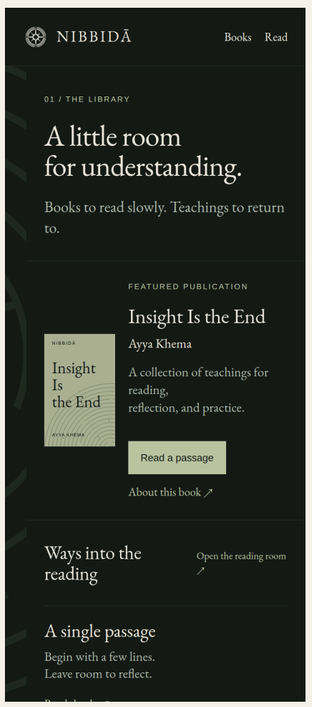

1,900 px is more legible as a labyrinth; 2,500 px emphasizes broad curves. Neither is as open as A.

C / LIBRARY FIRST

The edge of the page

bg #151c18 · maze #1e2821 · ink #ece9dc · secondary #b0bbae · accent #bdc6a4

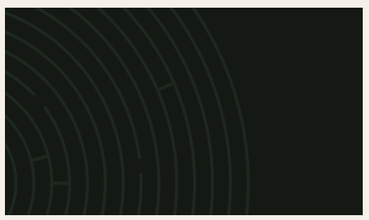

PHONE / SAME MAZE SCALE

A narrow maze margin makes room for the featured book. This is the most practical option for a growing catalog.

Only the crop changes. Text and controls reflow. The full labyrinth does not shrink into a small symbol.

Open local preview ↗

TWO SCALES / SAME 1,120 × 650 CROP WINDOW

2,000 px field diameter

2,700 px field diameter

2,000 px shows more route changes. At 2,700 px the narrow margin becomes closer to an abstract stripe.

Recommended: A at 2,350 px. Warm charcoal, restrained ivory, and quiet stone accents. Keep the maze around arrivals and transitions; give sustained reading a plain ground. Source geometry is unchanged. Cover and supporting website copy are illustrative.
